### **Browsers:**

- Since we are a cloud-based software platform, we are compatible with most main browsers including Chrome, Firefox, Safari and Edge.

<b>Mac Options</b>	Safari	Chrome	Mozilla Firefox
<b>PC Options</b>	Edge	Chrome	Mozilla Firefox

\*\*It is recommended that you keep your browser up-to-date at all times for optimal performance.

## **HARDWARE**

*This can be difficult to suggest because it depends on the type of computer you have, the browser you use, and even the amount of desk space you have available to you.*

*As a general rule, Adilas will plug and play with almost any hardware that has a USB connection. However, for those looking for more specific answers, here are some suggestions:*
