- on the full race ... expand the dropdown list of aid stations, if just one runner
- maybe add an option to show cards or table view - remember their choice - this is on the full race view
- when showing aid stations - show or add a name column - maybe allow for some sort filters
 - what place are they on?
 - what are their names?
- on the full race view - make it more obvious first you could drop-down the other results - "see more"
- on the ~~the~~ runner details - the status needs to reflect started, DNF, or Finished with times
- on the runner details - help them out ~~if~~ do the math for them elapsed times - make it more obvious
- on the runner details - verbiage "Aid Station Records" to "Aid Station Duration"
"Leg Length" to "Leg Duration"
- on the runner detail page - Longer descriptions ...
"Leg 2: LEFT to 3: URT - Bib 1" to
"Leg 2: Leatham Hollow to 3: Upper Richard's Hollow - Bib 1"
- maybe take out the ~~the~~ dates
9:54:11 am not 9:54:11 am 9/24/22 take off
